Everything at the farm has been carried along in a very satisfactory manner by the Superintendent and Matron, Mr. and Mrs. Frank W. Upham. Some changes have been made in the main building. The operating and medicine rooms were changed from upstairs to one large room on the first floor, making it more convenient for patients and others, and making an extra bath room and one more sleeping room upstairs. Many needed repairs have been made outside. New metal roofing was put on nearly all the buildings, and all the buildings were painted on the outside. The farm is in a good state of cultivation and large crops were raised the past year. We wish to thank all those connected with the institution for the many courtesies extended to us during the year; also the same to all the other County Officers and others for services rendered the Commissioners during the year.

Respectfully submitted,

WILLIAM J. HARTFORD,  
MARK E. WILLEY,  
HARRY E. BICKFORD,

## Report of Chaplain

---

Dover, N. H., January.

TO THE COMMISSIONERS OF STRAFFORD COUNTY:

The year ending December 31, 1930, can only be partly covered by this report. As Chaplain of the Strafford County Home and House of Correction, many pleasures and some pains have resulted from the privilege of sharing in the life of the people who are at the Farm.

Many inmates are in the Home to spend their last days, through no fault of their own, but because in the game of life they have not been able to secure the material rewards that keep from poverty. There are always a few sad cases, but the majority in the Home are much happier and in better circumstances than ever before in their lives.

Superintendent and Mrs. Frank Upham, and those who serve with them, try to make this not an Institution but a Home. As Chaplain, I can speak personally of many instances of kindness shown, of thoughtfulness and consideration that speak volumes for the present management.

So far as the inmates of the House of Correction are concerned, they have not come voluntarily to their quarters. They are there because of some violation of our laws. One of the discouraging situations that face those in charge is the fact that certain prisoners have taken advantage of kindnesses shown and have not

made it easy for the others, because where one abuses a privilege, it means that others must suffer more or less, in consequence.

I speak of these matters because the continuing kindness that has been shown means a great deal of patience on the part of those who are responsible for both the Farm and the Jail.

Religious worship has been held at the County Farm and at the Jail every second Sunday in the month so far as possible. Many from Dover have been glad to assist. Services have been held by the Episcopal church, special Thanksgiving dinners given and a Thanksgiving meeting held by the young people of the Dover Baptist church. Evangelist and Mrs. Watson spoke and sang effectively at the Farm and Jail. His message held a special challenge for the prisoners because he was a former bank robber who became a Christian and has been an evangelist since leaving prison. The young people of the St. John's Methodist Episcopal church gave their usual Christmas party the Sunday following Christmas and furnished gifts and good things to eat for the people of the Home.

A simple kindly word of Christian comfort and cheer is what is wanted at the Home, and the prisoners in the Jail like to feel that they are being talked to straight from the shoulder. A message, kindly but with the challenge of the Cross in it, is what they themselves say really helps.

After all, this work, as all others in the world, depends upon the help of Almighty God. It is considered a natural thing for a Chaplain to speak in such terms. It is true for all of us, of course.

The present Chaplain has tried to do his best. He appreciates the never failing courtesy and co-operation

of those in charge at the Farm, of the County Commissioners, and of others who have given their services in music and in various ways. He trusts the year has not been spent in vain.

Respectfully submitted,

LEON MORSE,

*Chaplain.*

In addition to the above by information filed in 1928 against The Lothrop-Farnham Company I raised the question of the legality of trading stamps for the City of Rochester and the State of New Hampshire. The case was ably handled in the Supreme Court by Miss Jennie Newhall of the Attorney-General's Department.

## II. Municipal Courts and Comments.

As your Solicitor I have presented and prosecuted ~~many cases in the~~ municipal courts of our County, less in number, however, for liquor offences than previously. This has been due to the fact that there have been, I believe, less violations in the County, as well as to the fact that in some instances the Commissioner of Prohibition has presented cases without calling for or needing the assistance of the Solicitor.

Because of various complaints previously received concerning the gambling use of mint vending machines, I employed an investigator of the James R. Wood Detective Agency, and after three weeks' presence in the County, brought into court several violators in Dover, Somersworth and Rochester. Eight machines were held in Rochester, five in Somersworth, and three in Dover, as gambling implements. All Rochester and Dover respondents paid fines. All Somersworth cases were appealed. Upon proceedings brought for confiscation of the various machines, appearance has been entered both in the Rochester and Somersworth cases. To determine whether or not

these machines are gambling machines per se, a case was transferred at the September Term of the Superior Court and will be argued shortly. It is the hope of the Solicitor that such machines will be decreed gambling machines per se, because the report of the investigator, as well as frequent complaints, shows their influence to be pernicious.

During the course of the year I have been called upon, with the aid of the Sheriffs, to investigate the finding of the body of an infant buried in the woods near the County Farm, a death due to illegal operation, and one hit-and-run case, in which the victim was killed. Unsatisfactory progress has been made in all three instances.

I have also received many calls during the last half of the year with respect to abandonment and neglect of wives and children, and have incurred for the County some expense in bringing these violators into court, two or more of whom are now in jail awaiting the February Term.

An epidemic of hold-ups and safe breaking took place in November and December, but can give no report of progress to date which establishes the guilt of the operators.

In closing my report, may I express appreciation for the interest and service of William S. Davis, High Sheriff, who resigned on December 31st to take his seat on the Governor's Council on January 1st. Also of the co-operation of his deputies, of the Motor Vehicle and Law Enforcement Departments, and Municipal Court and Federal officials.

I believe, however, that there should be, at the disposal of your County Solicitor in cases of major importance, a group of State trained investigators to

assist in the tracking down and bringing to justice offenders. Crime is no longer localized. Neither Solicitor nor officers, except in rare instances, are equipped by training or experience to run down the modern criminal.

Respectfully submitted,

BURT R. COOPER,

*Solicitor.*
